### Fixing Student & Child Privacy Laws: Practical Solutions

It is shaping up to be the most active child and student privacy year in more than two decades. In just the past three months, we've seen child privacy mentioned in the State of the Union, discussed at three Congressional hearings, and prioritized in numerous state and federal bills. The Parents Bill of Rights passed the House and includes stunning amendments to FERPA & PPRA.

To help guide stakeholders through these landscape shifts, AASA is sponsoring a webinar series to educate policymakers the basics of student privacy, the areas of conflict and options for how laws can be improved.

There's still time to register for the Learning 2025 National Summit in Washington, D.C.! This three-day learning experience will bring together leadership, faculty, boards and staff from across the country working to build student-centered, equity-focused, future-driven education systems that serve all learners.

## Tools, Support and Offers

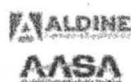

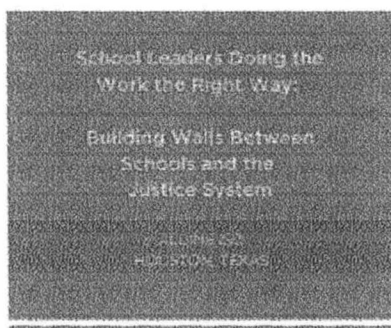

### **AASA and The Jed Foundation: District Comprehensive Approach**

JED and AASA have teamed up to support districts across the country as they answer the call to provide measurable improvement in student well-being and outcomes. We are seeking district leaders to join us at the forefront of learning and leading powerful practices that will reinvent how schools help students thrive across the country.

By participating, you get to be part of the nation's first comprehensive mental health program designed to meet the critical needs of all learners.

### **Notes from the Intern**

Greetings Chamber Members!

And I hope you've been having a spectacular week so far! We have a few events still scheduled for the rest of the month of June, so please make sure to scroll through the rest of this M2M to make sure you're aware of all the happenings around the Danville area.

In terms of regular Chamber events this month, we begin on with a Business After Hours on TOMORROW the 15th, hosted by Morley's Backyard, and after that, we have a Ribbon Cutting scheduled on the 27th for the Guerrant Real Estate Group - we hope you take the chance to stop by! We would also still encourage you to

check out the form for the new Danville Community Map that's being designed if you're interested in getting your business's name - quite literally - on the map!

In addition, if you want to advertise your business in these M2Ms, or if you would like to schedule a Business After Hours/Over Coffee, please use the link below to contact Mari at the Chamber.

That's all for this week's M2M, and we hope to see you out and about at one of the many happenings this month. Stay safe, and have a great rest of your week,

- Emma Webb (Chamber Intern)

## Danville-Boyle County Community Map

The Danville-Boyle County Chamber of Commerce is pleased to be working with the cartographic and marketing firm of Town Square Publications to produce a new, up-to-date, full-color Danville-Boyle County Street Map and Resource Guide. This publication will be the only official map endorsed and distributed by the Danville-Boyle County Chamber of Commerce.

Accurate, user-friendly maps are a popular item for our thousands of visitors, newcomers to our area, potential commercial relocation candidates and even our lifelong residents.

There will be an opportunity for you to showcase your business by advertising in the Business and Professional Resource Guide of Members on the new map. This is a prime opportunity to promote your business to newcomers.

According to [www.getbellhops.com](http://www.getbellhops.com), in 2021, 8.4% of Americans decided to change their living location, per 2020 US Census Data, and according to a 2021 study from the National Association of Home Builders:

- New homeowners spend more within 6 months than the average consumer spends in 3 years
- New mover expenditures total more than \$160 billion annually
- New movers are 5 times more likely to become your long term customers - if you reach them first.

Business card sized ads will be arranged to highlight local businesses. In addition, advertising space on the back cover and a limited number of interior display panel ads are also available. Participating advertisers will receive a complimentary supply of the folded maps and will be included on the web counterpart which will be prominently linked from the Chamber's website.

Don't miss out on the unique member opportunity to reach potential buyers, new residents, and new partners. Space is limited, and sponsorships are reasonable, especially considering more than 5,000 maps will be printed and available for the next 18-24 months as well as an on-line counterpart linked from the chamber's web site.

Act now by filling out the information below and email to [marketing@tspubs.com](mailto:marketing@tspubs.com). Remember, the limited space is allocated on a first-response basis. Town Square may be reached at 859.412.4574

Sincerely,

*Jeff Jewel*

### Amenities at Both Hotels

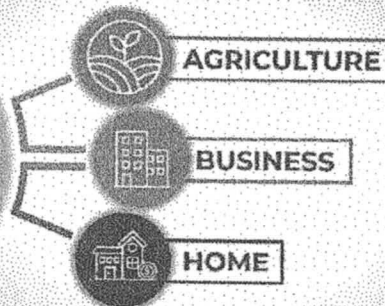

- Indoor heated pool (open 365 days a year), pool is back up and running like normal w/ no restrictions (social distancing still recommended)
- Fully equipped fitness center open 24/7 (social distancing recommended)
- Complimentary hot breakfast bar that is fully back open (gloves/masks and social distancing recommended)

- Complimentary Wi-Fi throughout the whole hotel along with a business center to take care of needs while out of town
- Spacious lobbies to allow for getting some work done or catching up with a friend/family

Both hotels are still taking COVID-19 very seriously. We recommend wearing a mask along with social distancing. We are still using extra sanitation cleaning and have sanitation stations through the hotels.

**Looking for a career opportunity in an in-demand field with above average earnings?**

Technician jobs in modern manufacturing are the #1 unfilled category in the U.S.

Over 700,000 new technical jobs are projected by 2025.

BCTC's "Advanced Manufacturing Technician" (AMT) program was created specifically to prepare individuals for multi-skilled technical positions.

It is a "work/study" program available at the BCTC campus in Danville.

Complete an Associate degree in 5 semesters (21 months) with all technical and non-technical classes scheduled on 2 days per week, and

Get 24 hours (minimum) of relevant, paid work experience with a local sponsor company on the 3 non-class days per week during each semester of the program.

In addition to the paid work experience, there are "Work Ready Scholarship" funds available to cover the cost of tuition and potentially graduate debt free!

The initial application deadline for the Fall 2021 semester is January 30, 2020. Don't wait!

Apply online at <http://bluegrass.kctcs.edu>

Complete the BCTC application and the AMT program application. There are no application fees.

Whether you are recently out of high school -- or looking for a new or different career direction -- there is no better opportunity than the AMT program at BCTC!
